

KINGDOM PHILATELIC ASSOCIATION

Fulton, Missouri 65251

Kingdom of Callaway County—Mule Capitol of the World

The Bulletin November 2022

Meeting

The next meeting of the Kingdom Philatelic Association will be 7:00 p.m. Thursday, November 17, 2022. This month the meeting will be on Zoom. The Callaway Electric Coop is doing maintenance on their facility this month and their community room will not be available. If I have your email address I will send you a zoom invitation. I believe we will just have a 'show and tell' as a program. I would also be interested in what philatelic web sites you frequent.

At the last meeting David had a program commemorating the life and reign of Queen Elisabeth II on stamps. He had numerous interesting examples. I was not aware that the first postage stamp on which she appeared was a Newfoundland stamp in 1932 at the age of six. It seems strange that it was Newfoundland and not the U.K.

Many people collect Queen Elisabeth II stamps as a topical collection. The American Topical Association check list for her has 4269 stamps (a lot of stamps for an individual).

Famous Postal Employees

Spelling Differences

Here are two German stamps that look the same except that the denomination on one is 'Pfennig' and on the other it is 'Pfennighe'. Is one of them an error or a forgery? No, it seems to be an evolution in spelling???

Similarly, I can remember we had a discussion of the spelling of Norway on postage stamps. We sometimes see 'Norge' and sometimes see 'Noreg'. What is the difference?
